OPĆA PRAVILA SUDJELOVANJA

The Terms and Conditions at ZEPS fairs contain binding instructions governing registration, exhibition, and business activities at the fairs, upon which the contractual relationship between TAPAS Ltd. Zenica as the organizer of ZEPS fairs and the participants - exhibitors is based. In cases where exhibition space is leased by other fair organizers for the purpose of conducting collective exhibitions under their arrangement, the organizer reserves the right to amend the stated prices.

I REGISTRATION

Article 1.

The application for exhibition is submitted on a standard application form in printed letters, signed, and certified, and delivered to the fair address. Along with the application, relevant orders for fair services are submitted using the same procedure. The application must be submitted 30 days before the start of the fair. By submitting the application and orders, the exhibitor expresses consent to the provisions of the Terms and Conditions at ZEPS fairs and enters into a contractual relationship with the organizer. Upon receipt of a duly completed application, the organizer will send the exhibitor a draft of the stand for approval. The exhibitor is required to provide a written acknowledgment of receipt and any comments within 3 days. Otherwise, the draft will be considered accepted. All subsequent changes will be charged by the organizer at a price increased by 30%.

Article 2.

The exhibition application is valid only for the registered company and implies the obligation of the exhibitor to display the registered exhibits from the opening to the closing of the fair with a responsible person present at the booth throughout. Leaving the fair before closing is strictly prohibited. The registered exhibitor cannot sublet the allocated exhibition space (booth) without the organizer's consent. Otherwise, they will be removed from the fair and charged for all fair orders in full.

II PAYMENT

Article 3.

Along with the exhibition application, the exhibitor submits proof of payment of the mandatory amount of **145,30 EUR**, excluding VAT (registration fee and inclusion with a black and white company logo in the Fair Catalog). The registration of represented companies is free of charge. An application without proof of payment of the mandatory amount does not bind the organizer but does bind the exhibitor.

Article 4.

After receiving a complete application, the organizer will issue an invoice that the exhibitor is obligated to pay in full according to the terms specified on the invoice. The exhibitor is responsible for covering any bank commission fees. The exhibitor can contest the invoice in writing to the organizer within 5 days of receipt, but they are obliged to pay the undisputed portion within the specified timeframe. By issuing the invoice, the organizer confirms the fulfillment of all invoiced orders to the exhibitor. Orders placed during the fair must be paid immediately. Exhibitors from Bosnia and Herzegovina pay the invoice amount in BAM, while foreign exhibitors pay in EUR. The organizer reserves the right to adjust prices in case of EUR inflation.

Article 5.

Depending on the available space, the organizer may accept applications and payments even after the prescribed deadlines, with the right to increase all fair prices due to increased costs.

Article 6.

The organizer reserves the right to retain exhibits, equipment, and other property of the exhibitor until all debts are settled. The organizer also reserves the right to sell retained items if the exhibitor fails to meet their obligations within 30 days.

III EXEMPTION AND HANDOVER OF EXHIBITION SPACE

Article 7.

The exhibition space (booth) is generally allocated on a first-come-first-served basis according to the order of receipt of applications and payments. The assigned booth is exempted by the exhibitor at the Fair Reception Office based on original proof of payment of the mandatory amount and the total fair order, which includes:

- For exhibitors who have rented equipped space, this exemption is granted no later than 24 hours before the start of the fair.
- For exhibitors who have rented unequipped or outdoor space, this exemption is granted no later than three days before the start of the fair.

Article 8.

If an exhibitor fails to report to the Fair Reception Office and collect the allocated booth no later than 18 hours before the start of the fair, it will be considered that they have withdrawn from exhibiting. In such case, the organizer may, if necessary, allocate the space to another exhibitor. The booth is handed over and received based on an official report. The missing booth material will be charged to the exhibitor at three times the increased rental price on the spot. The exhibitor must vacate the exhibition space within two days after the official closing of the fair. Otherwise, the organizer will do so at the expense of the exhibitor.

IV WITHDRAWAL

Article 9.

The registered exhibitor may withdraw from exhibiting under certain conditions: 30 days before the start: In this case, the payment will be refunded, excluding the mandatory amount. Withdrawal less than 30 days before the start of the fair is not possible, and the organizer will retain the entire payment or invoice 80% of the order for incurred costs. Withdrawal must be announced in writing, and the deadlines start from the date of receipt of the notice at the organizer's headquarters. Withdrawal announced verbally does not have legal effect.

V SPECIFIC PROVISIONS

Article 10.

In the event that the exhibitor constructs the booth themselves, they are required to adhere to regulations regarding technical safety, instructions from the organizer, and standards customary for international fairs. For the construction of larger and more complex booths under the exhibitor's own management, the organizer's approval of the project is mandatory. When the exhibitor independently furnishes the booth, the fair organizer has the right to charge administrative costs incurred in assembly and disassembly at a rate of 3% per square meter of the fair price of the furnished space.

Article 11.

The exhibitor is obligated to insure their own equipment, exhibition items, and merchandise against burglary, damage, destruction, and other risks with the official insurance provider of the fair. The fair organizer bears no responsibility for equipment, exhibition items, and merchandise that the exhibitor does not insure, nor for insurance against theft during the fair's working hours. In the event that the exhibitor causes damage to the fair organizer, another exhibitor, or a third party, they are obliged to compensate for the damage in accordance with general regulations.

Article 12.

All other business activities, except for exhibiting exhibits, are regulated by special conditions in a bilateral relationship with the organizer and are conducted based on the organizer's specific written approval. The provision from the previous clause also applies to the exhibitor when conducting these activities outside the rented exhibition space.

Article 13.

The exhibitor is entitled to receive complimentary exhibitor passes - official entry tickets, as follows:

- For the basic exhibition module: 3 passes
- For each additional rented module: 1 pass
- For 50m² of outdoor space: 3 passes
- For each additional 50m²: 1 pass

Article 16.

In the event of a change in the fair's schedule due to force majeure, the exhibitor does not have the right to compensation for damages from the organizer. The organizer will inform the exhibitor of the new fair date immediately upon the occurrence of the reason for the change.

Article 17.

Any disputes will be resolved by the competent court in Zenica.

Article 18.

The Terms and Conditions are an integral part of the application-order, regardless of the method of submission and receipt of the application-order.
